The Quarterly Acquisitions and Disposals of Capital Assets Survey is a survey of businesses in the UK. It is a quarterly collection of data on net expenditure (cost of acquisitions and proceeds from disposal) on capital assets. It requests information from industries in the private sector, including not-for-profit institutions.

The information is used to measure changes in the economy so the government can develop and monitor economic policy. The data are also widely used by the Bank of England, the European Commission and economic analysts.

We guarantee that while your employment is less than 10, you will receive no more than 5 quarterly questionnaires for this one ONS business survey. You must complete and return all questionnaires on time, after which you will be excluded from all business surveys for at least 3 years. The Annual Survey of Hours and Earnings is not covered by this guarantee.

You are required by law to complete this questionnaire. If you do not complete and return this questionnaire by 7 January 2019, penalties may be incurred (under section 4 of the Statistics of Trade Act 1947). All the information you provide is kept strictly confidential. It is illegal for us to reveal your data or identify your business to unauthorised persons.

Thank you for your co-operation,
Office for National Statistics
